► LINGERIE brand Nichole de Carle is a favourite with the stars. Celebrities including Jessie J (far right), Nicole Scherzinger (right), Geri Halliwell, Made in Chelsea's Millie Mackintosh and The Saturdays singer Vanessa White have recently been spotted sporting the company's outerwear.

If you are a brand follower, then pay close attention to the brand's latest photoshoot and you will see that it was held in a posh mews property in Belgravia (far right), recently refurbished by developers Landmass. Behind the traditional Grade II-listed exterior is a cool, contemporary space perfect for seductive lingerie shoots.

On the market at £7.5 million (homesandproperty.co.uk/mews), it comes with three bedrooms, a roof terrace and stylish cinema room. It's a model example of chic central London living.
